

If a student becomes symptomatic in your son/daughter's classroom or bus route, you will receive this text message and email.

Text Message: Please check your email with a health update from school.

Email:

Dear Parent/Guardian,

You are receiving this in an abundance of caution in order to keep you informed. An individual in your student's classroom or bus route presented symptoms of illness which fall under COVID health guidelines. The individual presenting symptoms will remain at home until they are able to safely return to school as advised by Tri-County Health. Your son/daughter is not excluded from school at this time, but we wanted to make sure you were aware of the situation. Please know that if a student in our building does test positive for COVID, you will receive the appropriate communication according to guidelines from our local health department. Please contact our school office with any questions. Thank you.
